## Vote for the next features in our Collaborative Roadmap

Welcome to the **Psychosynth project** , a free software synthesizer inspired by the ideas of the [Reactable](#). Psychosynth is part of the **GNU project**.

[Donate](#)

- To know more **about** this project visit the [about](#) section.
- In [media](#) you can see pictures, videos and sounds of the program in **action**.
- If you want to **download** this software go to [download](#).
- **Learn** how to install and use the program or how to code with our library in the [documentation](#) section.
- To **participate** in the project or its user community visit [community](#).
- And if you want to be up to date of the latest **development** news don't forget to visit our [blog](#).

And this is [free software](#).
